## Activate Tally.ERP 9 Single Site

**Step : 1**

### Activate License

Serial Number : 702046089  
Activation Key : PGT5H254T

E-Mail ID of Administrator : [sysadmin@abccompany.com](mailto:sysadmin@abccompany.com)  
Repeat (E-Mail ID of Administrator) : [sysadmin@abccompany.com](mailto:sysadmin@abccompany.com)

Activating your License is a simple two-step process. Once your Serial Number and Activation Key are confirmed, you will receive an E-Mail giving you some important details:

1. Your Tally NET Account ID (which you may later modify)
2. A License Key (which you will require to complete the Activation process)
3. Details on how to access your Tally NET Account and use it effectively for your organization.

Please remember that the Activation process can be completed only with the 'License Key' which is sent in the E-Mail to the Administrator. It is important, therefore, that a valid E-Mail is given.

**Enter Serial Number,  
Key and your E-Mail ID**

- An Account will be created using email id provided.
- You will receive a E-mail containing
  - Account related information,
  - Password to access the account
  - Unlock Key
